Insurance

If I am unable to provide Suburban Pediatric Therapies with my current insurance information prior to my child's appointment, I will pay in full for that day's visit. I agree that I am responsible for knowing and understanding my insurance benefits as they relate to therapy services.

I understand that the benefits stated by my insurance company are not a guarantee of payment or coverage, and all insurance payment are subject to medical necessity and eligibility at the time services are rendered. I understand that an office visit and specific therapy charges are incurred at each appointment. I understand that I am fully responsible for all charges for services and/or treatment rendered, and I further agree that all amounts are due upon request and are payable to Suburban Pediatric Therapies.

I will provide Suburban Pediatric Therapies with a copy of my insurance card each time I receive a new card and/or my insurance information changes. I understand that if my insurance company delays payment or is waiting on additional information from me before they render payment, and the balance is past 60 days, the balance is my responsibility and is due immediately.

All parents are expected to know and understand their coverage and benefits for therapy services. You can verify your benefits by calling the phone number on your insurance card and asking a representative from your insurance company. It is very important that you ask specifically about any "exclusions" or "limitations" to therapy benefits.

Please remember that your insurance policy is between you and your insurance company. A quote of benefits from your insurance company is not a guarantee of payment.

In the event your insurance chooses not to pay for services, you are ultimately responsible for all charges.

Student Teaching Practices

Suburban Pediatric Therapies is a private teaching practice. We provide clinical education and training to future speech-language pathologists, speech-language pathology assistants, occupational therapists and physical therapists. Our students come to us from notable universities and colleges throughout the Mid-West. Throughout the year your child may have the opportunity to be treated by a student for a few weeks. When this occurs, your child's speech, occupational or physical therapist maintains direct and indirect supervision of the student. We believe students bring a wealth of information and creativity to our practice. Please sign below if you give permission for your child to be treated by a student under direct and indirect supervision of your child's assigned therapist:

☐ Yes, I give my permission for my child to be treated by a student at Suburban Pediatric Therapies under the direct or indirect supervision of my child's assigned therapist.

☐ No, I do not give my permission for my child to be treated by a student at Suburban Pediatric Therapies under the direct or indirect supervision of my child's assigned therapist.
